

MOTHERS OF TEXAS, PREPARED.

When a girl becomes a woman, when a woman becomes a mother, and when a woman passes through the changes of middle life, are the three periods of life when health and strength are most needed to withstand the pain and distress often caused by severe organic disturbances. Many women in Texas would testify just as the following:

HOUSTON, TEXAS.—"When I was a young girl I suffered from irregularity and pain. Dr. Pierce's Favorite Prescription relieved me of all pain and regulated me so that I was completely restored to health. Since I married, whenever I have needed a special tonic I have taken 'Favorite Prescription' and have been amply repaid for the comfort and strength it has given me."—MRS. M. FREEMAN, 414 Marie Street.

WACO, TEXAS.—"It is a pleasure to me to recommend a medicine that has been of such great benefit to me as Dr. Pierce's Favorite Prescription was while raising my family. I have taken this 'Prescription' as a tonic during expectancy and I know it helped me in every way. It is an ideal medicine for the mother to be."—MRS. BEULAH OWENS, 313 North 4th Street.

GALVESTON, TEXAS.—"When I was quite a young girl I had a terribly nervous spell. My stomach was affected so that I craved food all the time, and I could not sleep at night. My doctor advised me to take Doctor Pierce's Favorite Prescription (sold by druggists), and before half the bottle had been taken I lost all the abnormal appetite and was able to rest well at night. I have never had such a condition since that time so can honestly say that the 'Favorite Prescription' cured me of my nervous ailment."—MRS. ELLA LASWELL, 1614 19th Street.

TEXAS PHYSICIAN TREATED FOR CANCER SUCCESSFULLY

J. M. Gilbert, M. D., of Randolph, Texas Had Cancer on Face—Dr. O. A. Johnson, Cancer Specialist Gives Successful Treatment 21-2 Years Ago

The wisdom of going to a specialist was shown when Dr. J. M. Gilbert well known physician of Randolph, Texas, had a bad cancer on the side of his face. Knowing the importance of proper treatment, he went to a leading cancer specialist, Dr. O. A. Johnson, of Kansas City, Mo. Dr. Gilbert states that he is now entirely cured.

"I recommend that every cancer sufferer consult immediately with the man, that I, as a doctor, regard the foremost in his line. Dr. Johnson has proved to the world that cancer can be cured."

Dr. Johnson has published a remarkable book called "Cancer Truths," a statement of his theories and experiences in treating cancer without the use of the knife. Purely medical measures only are employed; that is external applications to destroy the cancer and internal medication to purify the blood. This book will be sent free to any cancer sufferer. Or if you have a friend suffering from cancer write to Dr. O. A. Johnson, Suite 560, 1324 Main St., Kansas City, Mo.

LOOK OUT FOR THE CARS

DO YOU know of anyone who is old enough to read, who has not seen that sign at a railroad crossing?

If everyone has seen it at some time or other, then why doesn't the railroad let the sign rot away? Why does the railroad company continue to keep those signs at every crossing?

Maybe you think, Mr. Merchant, "Most everybody knows my store, I don't have to advertise."

Your store and your goods need more advertising than the railroads need to do to warn people to "Look Out for the Cars."

Nothing is ever completed in the advertising world.

The Department Stores are a very good example—they are continually advertising—and they are continually doing a big business.

No official act of Gov. Hobby's has brought him such severe criticism as the pardon he issued to E. W. Fry, a former county judge of Young county and ex-member of the State legislature. The Fry case was a notorious one a few years ago, but through "influence" it had been kept in the courts and Fry out of the pen. Finally the court of criminal appeals affirmed the sentence. Gov. Hobby then stepped in with his pardoning power, and if newspaper reports are true, justice has been unduly thwarted.—Richardson Echo.

Pressure of influence to shield men of prominence leads the common people to disrespect the law.

The coal operators seem perfectly willing to increase the wages of the miners provided the general public is required to foot the bill.—Waxahatchie Light.

Then the miners say to them give us the increase and get it back from the people who must buy your coal or freeze to death. It matters nothing if business stops, you and I must look out for ourselves. The public must have coal at any price, and the operators say, "yes".

Sickly children need WHITE'S CREAM VERMIFUGE. It not only destroys worms, if there be any, but it acts as a strengthening tonic on the stomach and bowels. Price 30 cents bottle. Sold by Grayum Drug Co.

One of the most spectacular and dramatic situations ever shown on the screen takes place in the early part of "The Right to Happiness," a Universal Jewel production, starring Dorothy Phillips, which will be shown at the Opera House theatre December, 19-20. A bloody pogrom and massacre against the Jews in the old St. Petersburg is vividly depicted.

A cure for the labor unrest that is agitating the nation is offered as an incidental element of interest in "The Right to Happiness." Universal's big Jewel production starring Dorothy Phillips, which is booked for the Opera House Theatre Dec. 19-20.

A Russian reared girl anarchist leading a crazed mob against the palatial home of her own father is one of the tremendous dramatic events in Universal's latest Jewel production, "The Right to Happiness," which features Dorothy Phillips. It will be shown beginning Dec. 19, at the Opera House theatre.

Liberal Users of Newspaper Space Know its Value

Snyder Signal,

Snyder, Texas.

So many publishers have asked us whether we will continue our extensive use of newspaper space now that the war is over, that we believe an assurance to that effect is both timely and fitting.

For forty years we have been consistent users of newspaper space and thorough believers in its efficacy.

During the war we moderated our schedules somewhat, because of the necessity for conservatism that characterized all sales building efforts. Now that conditions are back on a peace basis, however, it is our full intention to make the extensive use of newspaper space that we have in the past, and we are already planning active campaigns for 1920.

We appreciate the cooperation your paper has given us and trust that our friendly relations may continue.

Yours very truly,

"The 52 Biggest Problems of the Average Southern Farmer"

EVERY member of the Progressive Farmer staff has had actual farm experience—most of us are running Southern farms now—and from our own experiences, and from the multitude of farmers' letters that come to us every year, we believe we have figured out a pretty nearly perfect list of these "fifty-two biggest problems" of the average Southern farmer, and we are going to treat them in next year's Progressive Farmer.

We are going to treat them, too, in order of timeliness, just as far as possible. For the aim of the Progressive Farmer, always, is to tell the subscriber just what he wants to know, just when he wants to know it, and in as few words as possible.

Here's the list of big problems we shall treat during the fall months, and the date on which such discussion will appear.

NOVEMBER 1—Financing the Farmer: Personal and Short-term Credit for Land Purchase; Avoiding "Time-prices" Utilizing National Farm Loan Associations, etc.)

NOVEMBER 8—System of Farming—Affecting Soil Fertility, Money Profits, Prosperity and Permanence of Rural Life.

NOVEMBER 15—Arranging and Erecting Fences; Relative Values of Different Systems, Materials, etc.

NOVEMBER 22—How to Reduce Land-washing to a Minimum: (Terracing, Ditching, Filling Land with Humus, Proper Use of Steep Hillsides, etc.)

NOVEMBER 29—What Changes are Needed to Insure Better Health For Men Women and Children on the Farm?

DECEMBER 6—Winter care and feed of Horses, Mules, Cattle Hogs.

DECEMBER 13—Getting rocks and stumps off the Land.

DECEMBER 20—How Farm Neighbors May Work Together for Greater Profits and Happiness.

DECEMBER 27—Business Methods on the Farm: (Inventories; Records; Accounts; Banking; Cost-keeping; Advertising; System in Correspondence and Making Sales, etc.)

The above subjects are of vital importance to you and alone are worth the price we ask, and remember The Progressive Farmer carries many other big features not mentioned above.

Ask Senator Fall

The Columbia, (Ga.) Sentinel edited by Tom Watson, devoted more than a column of 20 20 em. reading to discuss its question—"Who is the Acting President of the United States?" If he will ask Senator Fall he can tell him it is Woodrow Wilson, for since Wilson has passed on the matter of breaking relations with Mexico Senator Fall probably has a clearer conception of international law than even Tom Watson can probably see that Wilson has a wonderfully clear mind for a man incapacitated by sickness. Wilson sick knows more than a well senator.

Last year when the war was on lots of folks saved that have forgotten the lesson this year. —Richardson Echo.

Most of us can't remember anything from one year to the next. We are now learning to use just as little coal as will put us by, but if the mines open up we'll forget we ever had a coal famine.
